Texas Instruments Incorporated Manifest

05-23-2014

Z-Stack Linux Gateway - 1.0.1

Legend

(explanation of the fields in the Manifest Table below)

Software Name	The name of the application or file
Version	Version of the application or file
License Type	Type of license(s) under which TI will be providing software to the licensee (e.g. BSD, GPLv2, TI TSPA License, TI Commercial License). See Open Source Reference License Disclaimer in the Disclaimers Section.
Location	The directory name and path on the media (or in an archive) where the Software is located.
Delivered As	This field will either be "Source", "Binary" or "Source and Binary" and is the form the content of the Software is delivered in. If the Software is delivered in an archive format, this field applies to the contents of the archive. If the word Limited is used with Source, as in "Limited Source" or "Limited Source and Binary" then only portions of the Source for the application are provided.
Modified by TI	This field will either be "Yes" or "No". A "Yes" means TI has made changes to the Software. A "No" means TI has not made any changes. Note: This field is not applicable for Software "Obtained from" TI.
Obtained from	This field specifies from where or from whom TI obtained the Software. It may be a URL to an Open Source site, a 3rd party licensor, or TI (if TI developed the software). If this field contains a link to Open Source software, the date TI downloaded the Software is also recorded. See Links Disclaimer in the Disclaimers Section.

Disclaimers

Export Control Classification Number (ECCN)

Any use of ECCNs listed in the Manifest is at the user's risk and without recourse to TI. Your company, as the exporter of record, is responsible for determining the correct classification of any item at the time of export. Any export classification by TI of Software is for TI's internal use only and shall not be construed as a representation or warranty regarding the proper export classification for such Software or whether an export license or other documentation is required for exporting such Software

Links in the Manifest

Any links appearing on this Manifest (for example in the "Obtained from" field) were verified at the time the Manifest was created. TI makes no guarantee that any listed links will remain active in the future.

Open Source License References

Your company is responsible for confirming the applicable license terms for any open source Software listed in this Manifest that was not "Obtained from" TI. Any open source license specified in this Manifest for Software that was not "Obtained from" TI is for TI's internal use only and shall not be construed as a representation or warranty regarding the proper open source license terms for such Software.

Export Information

ECCN for Software included in this release:

5D992 (Authentication, secure hash algorithm (SHA) encryption that is NOT 5D002)

Manifest Table

See Legend above for a description of the columns and possible values.

See the Legend above for a description of these columns.

Software Name	Version	License Type	Delivered As	Modified by TI		
ZNP	1.0.2	TI Commercial	Binary	N/A	**Location**	Firmware/
					Obtained from	Texas Instruments
Protobuf-c Runtime Library	0.15	BSD 2-Clause	Binary	No	**Location**	Source/protobuf-c-arm/
					Obtained from	https://github.com/protobuf-c/protobuf-c
Z-Stack Linux Gateway Host Software	1.0.1	TI Commercial	Source	N/A	**Location**	Source/Projects/zstack/linux
					Obtained from	Texas Instruments
